WEBSITE

<http://www.clarkbondy.com>

TOPICS & GROUP PARTICIPATION

Information on Adolphe Sax (virtuoso performer and inventor of the saxophone) and other notable saxophone performers and composers, saxophone sight reading, saxophone history, saxophone listening, saxophone practice routines, saxophone techniques, saxophone websites, group saxophone playing, saxophone demonstrations, saxophone question & answer session, and more...

MUSICAL EXPERIENCE

Students with 1 year experience on the instrument through college would benefit from these classes. Even if you're new to saxophone, come and play what you can and listen to the rest. It's one of the few places you can be exposed to all things saxophone at many different levels advanced material is presented last in each class. It's always inspiring for young saxophonists to hear where they can be in a few short years. Students are also encouraged to bring a friend who plays saxophone with them to play along. Teachers are also welcome to bring a sax and attend.

WHAT TO BRING

Bring your instrument (good reeds), pencil, notebook, a sax playing friend, and folding music stand if you have one
